Cortijo in Lanjaron

300.000 EUR

Plot m²: 20000 Built m²: 2500

Ref.: R170-02418

This is a fabulous old ruin dating back to Moorish times. It is extremely unique to the extent that it is recognised by the Junta de Andalucia as a very old and historically important cortijo. The exact measurement of build is approximately 2,500 square metres and the owner offers additional land to go with it starting at, say, 10,000 square metres and upwards, depending on the purchasers requirements. The land is all olive groves.

Has tremendous potential, just five minutes outside the famous spa town of Lanjarón. It is also special to the extent that there are three floors in the ruined structure which is very rare for an old ruined cortijo. All sorts of possibilities.
